

Mag✓✓**sh**

**GRE 90 Day
Study Schedule
(Verbal)**

Good luck on your GRE! If you have any feedback, please leave us a comment on the Magoosh GRE Blog [90 Day GRE Study Plan \(Verbal Focused\)](#) post. ☺

OK, you are starting more or less from scratch, and you want to prepare for the GRE in 90 days. You need a strategic plan to organize yourself. I designed four different versions of the 90 Day Plan, and I need you to start with a little self-diagnosis. Which sounds most like you?

- [90 Day GRE Study Plan for Beginners](#): Help! Math and verbal both scare the living bejeebers out of me! I need all the help and support I can get! Help!
- [90 Day GRE Study Plan \(Math Focused\)](#): I have a natural affinity with the verbal, but the math is far less intuitive for me. I would like to focus more there.
- **90 Day GRE Study Plan (Verbal Focused): Me a math nerd. Me think all math easy. Me have big verbal problems. One day, me will talk good.**
- [90 Day GRE Study Plan for Advanced Students](#): I actually feel reasonably comfortable with math & verbal; if I took the test today, I'd get around 310-320 combined score. I'm interested in refining my understanding and getting into the 320s region in the next twelve weeks.

You should follow this plan if math is something that has always come easily to you, especially if you majored in something especially mathematical in college, such as Physics or Engineering. This plan is a particularly good choice if you are a mathematical/techie type and English is not your first language. This plan will focus on the Verbal lessons and, in lieu of watching Math lesson videos, which would be mostly review for you, it will include a good deal of higher level math practice.

Essential Materials:

- [Magoosh GRE Prep](#)
- [ETS's Official Guide to the GRE book](#) (+ our free [video explanations](#))
- [ETS's PowerPrep Software](#): If you would prefer to take the practice test on paper, you can print out ETS's practice test PDF ([with video explanations here](#)). Take note that the PowerPrep software and the paper-based test have overlapping material, so it won't be of

much help to do both, unless you space them out far enough so that you won't recognize the questions and answers! I recommend using the PowerPrep software if you can, since taking the test on a computer is a better simulation of exam day conditions. You can now use [PowerPrep for Mac](#).

- Magoosh's online [GRE Vocabulary Flashcards](#) and [GRE Math Flashcards](#). They're free and you can use them on the web, on your [iPhone/iPad](#) or [Android](#).
- The [Official GRE Quantitative Reasoning Practice Questions](#), for additional math practice
- The [Official GRE Verbal Reasoning Practice Questions](#)
- The [Manhattan GRE 5 lb. Book of GRE Practice Problems](#) (either edition): in addition to Magoosh problems, you will also do a great deal of math practice in this book. Among other things, the code in the back of this book will give you access to an extra bank of online practice problems, which you can also do if you want even more practice.
 - NOTE: the Manhattan GRE 5 lb book of practice problems is an extra volume, **not** included in the 8-volume [Manhattan GRE Strategy Guides](#).
- Manhattan's 6 GRE online practice tests. One test is [offered for free](#), with five additional tests [available for purchase](#).
- The **GMAT Official Guide**. You DO NOT need the most up-to-date [edition](#). In fact, I recommend getting an earlier edition (e.g. [OG13](#) or [OG12](#)), which you probably can find used for a fraction of the cost of the newest edition. You are going to use this as a bank of additional math practice problems.
- Reading material: this may be any [non-fiction scholarly book](#), history and social science preferable. You may also choose one of the [recommended sources](#): [Scientific American](#), [Atlantic Monthly](#), [The New Yorker](#), [National Geographic](#), [The Economist](#), or [The New York Times](#) (a Sunday subscription is a great idea!). You are reading (a) to build your reading comprehension skills, (b) to refine your understanding of grammar and usage, and (c) to expand your vocabulary.
- A journal or notebook (yes, a physical hard copy item)
- Notecards

Supplemental/Optional Materials:

Any of the steps listed in the schedule for the materials below are purely for extra practice, so they are to be done as optional tasks if you have extra time.

- [Quizlet.com](https://quizlet.com): gives you online access to flashcards, making it easier, say, to quiz yourself on your mobile device
- [Vocabulary.com](https://vocabulary.com): provides conversational example sentences and a flood of example sentences
- [Word Dynamo \(Dictionary.com\)](https://word-dynamo.com): give you little quizzes & games to add some variety to vocab learning
- Magoosh iPhone/Android app, for mobile practice

A note on learning GRE vocabulary:

First of all, it's important not only to learn the literal dictionary definition (the denotation), but also to understand the metaphorical use of the word in context (the connotation). For example, the word "opaque" literally means "not transparent", but metaphorically it can mean "hard to understand" or, describing a person, it can mean "thick-headed, stupid." Ultimately, you should strive to learn both the denotation and the connotation of each word.

Daily review of vocab is vital. I wrote this schedule recommending the Magoosh's GRE Flashcards, but DO NOT limit yourself to just these words. AS YOU READ and find more words you don't know, look them up, make flash cards (including context), and make your own flashcard decks. You could have one pile for words whose denotation you are trying to master, another containing words for which you know the denotation but not the connotation, and a "done" stack that gets reviewed only rarely.

A note on the prep books:

Don't write in any of the test prep books, because for any of them, after a period of time you may want to go back and do a problem again that you haven't seen for a while. You can only start it fresh if the page is free of your marks.

A note on recommended materials:

Magoosh contains all the information you need for wild success on the exam and many students have achieved spectacular results using nothing but Magoosh. Nevertheless, this plan recommends that you buy additional materials and use them, in addition to the Magoosh materials.

Here's why: These plans were structured with far-reaching pedagogical principles in mind, and a deep consideration for how the human brain learns. Most people cannot hear or read something just once and, from that single hearing, remember it completely and understand it fully.

At Magoosh, we are very ambitious for our students; we want them to learn as thoroughly and as masterfully as possible. We recommend using these additional resources to provide additional practice, alternative explanations, and extra review. Not every student will need or want additional materials, but for those who do, the books we recommend are the best for the overall goal of doing very well on the exam.

A note on repeating material:

This schedule is fairly intensive, and if you follow it to the T, you **will** run out of practice questions or certain question types from the bank of 1000+ Magoosh questions around the end of Week 9. That's okay. See the instructions on Week 10, Day 1. Review is vital if you want to really learn the information. Our students who make the largest score improvements often have answered every Magoosh question more than once.

This 90-day plan is demands a manageable pace that must be followed diligently so things don't get out of hand. It's designed to have you improve as much as you can improve in a three month period. I have designed twelve weeks, assuming 2-3 hours for each of the five weekdays, and one 4-5 stint on the weekend ("Day Six"). If you would prefer to work on both weekend days, and free up some weeknight time, feel free to make those changes. Note: Many folks find that each

day's assignments take 2-3 hours, although times to complete them will vary for different students

Also, as much as possible, get enough sleep during this month. REM sleep plays an important role in encoding long term memory, and in an eight hour period of sleep, the last hour has the most REM. If you are getting 7 hours/night instead of 8 hours/night, you are depriving your brain of one of its most powerful systems for learning and remembering. Caffeine and energy drinks will keep you feeling awake if you don't get enough sleep, but they don't do anything to replace the lost opportunity to encode more information into long term memory.

As you move through this plan, I will recommend that you also put into practice stress-reduction techniques. If you can practice these regularly, then you will be in excellent shape by test day.

These are four GMAT blogs, but everything here is just as relevant for the GRE:

- [Overcome Exam Anxiety: Breathe](#)
- [Stress and Your Thoughts](#)
- [Stress and Your Stories](#)
- [Zen Boot Camp for Test-taking](#)

Week One

Week One, Day One

- Go to [ETS.org/gre](https://ets.org/gre)
 - Read about the content of the GRE
 - Click on and read each sub-heading link
- In the Official Guide,
 - Read Chapter 1, "Introducing the GRE revised General Test"
 - Read Chapter 2, "GRE Analytic Writing" (just the descriptions of the question, not all the sample material)
 - Read the introductory few pages of Chapter 3, "GRE Verbal Reasoning" (everything up to the sample questions)
 - Read the introductory few pages of Chapter 5, "GRE Quantitative Reasoning" (everything up to the sample questions)
- In the GRE Math Review in the Official Guide,
 - Skim the entire Arithmetic & Algebra section
 - Do the Arithmetic Exercises & Algebra Exercises and check your answers
 - These should be fairly easy for you
- In the Magoosh Video Lessons
 - Watch the first five lessons in the "Intro to the GRE" module

Week One, Day Two

- Continue skimming through In the GRE Math Review
 - Skim the Geometry section & Data Analysis sections
 - Do the Geometry Exercises & Data Analysis Exercises and check your answers
 - Again, these probably will not be unusually challenging for you.
- Download and start reading the Magoosh [GRE eBook](https://gre.magoosh.com)
 - Read whenever you have the time over the course of the next two weeks

- In Magoosh Video Lessons
 - Watch the remaining lessons in the “Intro to the GRE” module

Week One, Day Three

- Download the Magoosh [Complete Guide to GRE Vocabulary](#)
 - Read carefully the section "Making Words Stick," about learning vocabulary
 - Read the section "Vocabulary in Context: Articles from Magazines and Newspapers"
 - Skim the rest of the book to get a sense of the layout and style
 - As you build vocab through this plan, periodically go back to this book to verify your understanding and to make connections to other words. The more ways you have of remembering a word, the more likely you are to remember it!
- In Magoosh Video Lessons
 - Watch the first five Math lessons in the General Math Strategies module
- In Magoosh, do the following problems by clicking on the “Practice” link
 - 20 Multiple Choice math questions
 - You can do this by setting up a practice session by clicking on the “Practice” link in the header
 - Use the following settings for your practice section
 - Check off none of the subjects
 - Set the difficulty to “adaptive”
 - Set the question pool to “unanswered”,
 - Set the number of questions
 - Set the time to “no limit”
 - Set the mode to “practice mode”
 - Despite not setting a time limit, try to keep a pace of 30 minutes/20 questions

- Notice you are doing all topics from the get-go, whether you have already studied these or not. This means that you will make some mistakes at the beginning: see this post on a [productive attitude toward making mistakes](#). If, after a week or so of practice, you find that there is simply too much new material for you, then narrow your studies to those topics you're more actively studying plus one or two that you're unfamiliar with. You should be constantly challenged. If you do narrow the topics of study, expand back to as wide a scope as possible as quickly as possible.
- For each Magoosh problem, after you submit your answer, on the next page which tells you whether you were right or wrong, there's a video solution and below that a text summary. If you got the question right, skim the text summary to verify you got it right for the right reason. If you got the question wrong, watch the video, taking notes in your journal about any concept or any aspect of the question type that was unclear to you.

Week One, Day Four

- In the *Official GRE Quantitative Reasoning Practice Questions* book
 - Skim the first two chapters, paying the closest attention to pp. 14-39, which explains the types of questions in detail
- In Magoosh Video Lessons
 - Watch the remaining Math lessons in the General Math Strategies module
- In Magoosh, do the following problems
 - 20 Text Completion verbal questions

Week One, Day Five

- In Magoosh Video Lessons
 - Watch all the Math lessons in the Advanced QC Strategies module

- *I wanted you to see these videos, just to get you familiar with the Quantitative Comparison question type, which is unique to the GRE. These are the only math lessons I have assigned in this schedule: the rest of the assigned lessons are Verbal. As you do practice problems, if you feel you need clarification or you are curious on my take on a particular mathematical idea, dip into the library of math lesson videos ala carte, as needed. In particular, if a math questions in Magoosh makes you realize that you have more to understand about some concept, you might consider watching the “related lessons” for that question.*
- Download the Magoosh [GRE Math Formula eBook](#)
 - Read carefully the section, "GRE Math Formulas: How to (Not) Use Them"
 - Skim the rest of the book, just to get a sense of what topics are covered
 - *As you move through this plan, you will cover all of these. Use this for reinforcement and review: as you cover a particular math topic in the Magoosh lessons, read the corresponding part of this book to verify your understanding. By the end of this plan, you should know every section of this book.*
- In Magoosh, do the following problems
 - 10 Multiple Choice math questions
 - 10 Quantitative Comparison math questions

Week One, Day Six

- In Magoosh Video Lessons
 - Watch all 10 Videos in the Writing section
- Write the following essays
 - Issue essay for 30 minutes
 - Choose topic from [ETS GRE Issue Pool](#)
 - Argument essay for 30 minutes

- Choose topic from ETS GRE Argument Pool
- *Figure out a way to pick topics at random (maybe you print the lists, cut it into slips of paper, and choose some at random). Write the essays in a word processing program. Observe a strict 30 minute time limit for each.*
- *Now that you have these essays, what do you do with them? If you have a friend or mentor who is a gifted writer, ask them to read the essays for you and critique them. If they are willing, you can show them the assessment criteria in the Official Guide, and ask them to follow it. If you can afford it, hire a writing coach or writing tutor: show that tutor the assessment criteria in the OG, and have them give you feedback. If you can't afford a writing tutor and can't convince anyone else to read it, you may try posting them on TheGradCafe, and see whether an expert there will critique your essay. Failing any of these options, at least you can set the essays aside, and in a couple days re-read them with the Official Guide's rubric beside you. (Notice whatever route worked for you with these essays; you can repeat that will all the essays you write in the practice tests you take as part of this plan.)*
- In the Official Guide
 - Do the Verbal Reasoning Practice Sets 1-6 with the following time limits
 - Set 1 = 12 minutes
 - Set 2 = 15 minutes
 - Set 3 = 12 minutes
 - Set 4 = 15 minutes
 - Set 5 = 14 minutes
 - Set 6 = 16 minutes
 - *If you found sets 1-4 very challenging already, consider going through sets 5 and 6 untimed*
 - Do the Quantitative Reasoning Practice Sets 1-4 with the following time limits
 - Set 1 = 22 minutes
 - Set 2 = 23 minutes
 - Set 3 = 24 minutes
 - Set 4 = 11 minutes

- In the *Manhattan GRE 5-lb Book of Practice Problems*
 - Do the Math Diagnostic test (pp. 27-32) with the following time limit
 - MGRE Math Diagnostic test = 35 minutes
 - *Follow strict time limits for the above sets, to give yourself a sense of the pace you need to keep on the GRE. Set a timer for the time limits to keep track.*
- After you are done, check all your answers
 - For any question you got right, skim the explanation to verify that you got it right for the right reason
 - For any question you got wrong, read the explanation thoroughly, taking notes in your journal on any concepts you didn't understand and anything about the question format that psyched you out
 - You can also watch [the Magoosh Video Explanations of the OG practice questions](#).
- *If you are not performing at a high level in math, or if your verbal is much stronger than you expected, this might be a good time to consider whether you should switch to another version of the 3-month plan (see explanations of them at the top)*

Week Two

Week Two, Day One

- In Magoosh Video Lessons
 - Watch the first four Verbal lessons
- In the *Manhattan GRE 5-lb Book of Practice Problems*:
 - In Chapter 7, "Arithmetic," do the practice problems starting at #20.
 - *NOTE, in the practice sections of this MGRE book, the practice problems start at a very basic level. In each chapter, my default recommendation will be to start a problem #20, so that you skip the very easy ones at the beginning of the section. In each section, you may skim the first 20, to see if anything looks challenging or interesting, but the more challenging problems come in the second half of the problem set. If the subject matter*

is one in which you don't feel you have mastery, you can start earlier in the problem set, even at the beginning, to make sure you have all the basics of that topic.

- *NOTE: Do all the work from the Manhattan GRE book without touching a calculator.*
- *NOTE: In the practice problems from the MGRE book and in the other math practice problems in other books, always check your answers. Presumably, you will get the majority of the math practice questions correct. When you do get a problem wrong, engage serious effort in understanding your mistake and guaranteeing that you will not repeat it. If you are diligent in learning from your mistake, each problem you get wrong is a potential gold mine of possible improvements you could make to your understanding.*
- In the [GRE Vocabulary Flashcards](#)
 - Master at least 20 words from the first deck.
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don't know
- In Magoosh, do the following problems
 - 20 Reading Comprehension verbal questions
 - *(Some RC questions are stand-alone single questions with a short paragraph, and sometimes a group of two or three come with a longer passage. Make sure you finish all the questions associated with a passage on one sitting. This may mean that you do a couple more than 20 questions one time, and then a couple fewer the next time.)*

Week Two, Day Two

- In Magoosh Video Lessons
 - Watch the next four Verbal lessons

- In the *Manhattan GRE 5-lb Book of Practice Problems*
 - In Chapter 8, “Algebra,” do the practice problems starting at #20.
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck).
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don’t know
- In Magoosh, do the following problems
 - 20 Multiple Choice math questions

Week Two, Day Three

- In Magoosh Video Lessons
 - watch the next four Verbal lessons
- In the *Manhattan GRE 5-lb Book of Practice Problems*:
 - In Chapter 9, “Inequalities and Absolute Values,” do the practice problems starting at #20.
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks.
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don’t know
- In Magoosh, do the following problems
 - 20 Text Completion verbal questions

Week Two, Day Four

- In Magoosh Video Lessons
 - watch the next four Verbal lessons

- In the *Manhattan GRE 5-lb Book of Practice Problems*
 - In Chapter 10, “Functions, Formulas, and Sequences,” do the practice problems starting at #20.
- In the [GRE Vocabulary Flashcards](#),
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks.
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don’t know
- In Magoosh, do the following problems
 - 10 Multiple Choice math questions
 - 10 Quantitative Comparison math questions

Week Two, Day Five

- In Magoosh Video Lessons
 - Watch the next four Verbal lessons
- In the *Manhattan GRE 5-lb Book of Practice Problems*
 - In Chapter 11, “Fractions and Decimals,” do the practice problems starting at #20.
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck). Spend 10-30 minutes reviewing previous decks.
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don’t know
- In Magoosh, do the following problems
 - 20 Reading Comprehension verbal questions

Week Two, Day Six

- In Magoosh, take a mock GRE test
 - At the heading at the top inside the Magoosh practice, select “Practice Test,” which will lead you to the below page
 - http://gre.magoosh.com/practice_tests/start
 - Make sure you have four hours of uninterrupted time set aside
 - Make sure you have writing implements and plenty of scratch paper
 - Check all of your answers once you are done
 - For any questions that you got right, skim the explanation to verify that you got it right for the right reason
 - For any questions that you got wrong, watch the explanation video for the question, taking notes in your journal on any concepts you didn’t understand and anything about the question format that psyched you out.
 - Don’t worry about your score on this test as you are still at the beginning of your studying. :-)

Week Three

Week Three, Day One

- In Magoosh Video Lessons
 - Watch the next four Verbal lessons
- In the *Manhattan GRE 5-lb Book of Practice Problems*
 - In Chapter 12, “Percents,” do the practice problems starting at #20.
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks.
- Read 1-3 articles from your reading source of choice

- Note grammatical structures
 - Look up and write down any words you don't know
- In Magoosh, do the following problems
 - 20 Multiple Choice math questions

Week Three, Day Two

- In Magoosh Video Lessons
 - Watch the next four Verbal lessons
- In the *Manhattan GRE 5-lb Book of Practice Problems*
 - In Chapter 13, "Divisibility and Primes," do the practice problems starting at #20.
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks.
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don't know
- In Magoosh, do the following problems
 - 20 Text Completion verbal questions

Week Three, Day Three

- In Magoosh Video Lessons
 - Watch the next four Verbal lessons
- In the *Manhattan GRE 5-lb Book of Practice Problems*
 - In Chapter 14, "Exponents and Roots," do the practice problems starting at #20.
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)

- Spend 10-30 minutes reviewing previous decks.
- Read your chosen reading material (one chapter, or a few articles). Look up and write down any words you don't know.
- In Magoosh, do the following problems
 - 10 Multiple Choice math questions
 - 10 Data Interpretation math questions
 - *(As with some of the Reading Comprehension questions, the Data Interpretation questions come in batches, typically 2 or 3 questions, pertaining to the same graph or chart. Do all the questions in a set at once. This mean you may do a few more than 10 DI questions one time, and then during the next session in which you are doing DI questions, you will do a couple fewer.)*

Week Three, Day Four

- In Magoosh Video Lessons
 - Watch the next four Verbal lessons
- In the *Manhattan GRE 5-lb Book of Practice Problems*
 - In Chapter 15, "Number Properties," do the practice problems starting at #20.
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks.
- Read your chosen reading material (one chapter, or a few articles). Look up and write down any words you don't know.
- In Magoosh, do the following problems
 - 20 Reading Comprehension verbal questions

Week Three, Day Five

- In Magoosh Video Lessons
 - Watch the next four Verbal lessons
- In the *Manhattan GRE 5-lb Book of Practice Problems*:
 - In Chapter 16, “Word Problems,” do the practice problems starting at #20.
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks.
- Read your chosen reading material (one chapter, or a few articles). Look up and write down any words you don’t know.
- In Magoosh, do the following problems
 - 20 Multiple Choice math questions

Week Three, Day Six

- In the [GRE Math Flashcards](#),
 - Go through the cards in the following decks and review any concepts that you are less than completely familiar with
 - Algebra
 - Fractions, Ratios, and Percents
 - Geometry
 - Number Properties I
- In the [Official GRE Verbal Reasoning Practice Questions](#)
 - Skim Ch. 1-2
 - Most of this material should be review at this point
 - In Ch. 3, do the three Reading Comprehension practice sets
 - In Ch. 4, do the three Text Completion practice sets
 - After you are done, check all your answers
 - For any question you got right, skim the explanation to verify that you got it right for the right reason

- For any question you got wrong, read the explanation thoroughly, taking notes in your journal on any concepts you didn't understand and anything about the question format that psyched you out

Week Four

Week Four, Day One

- In Magoosh Video Lessons
 - Watch the next four Verbal lessons
- In the *Manhattan GRE 5-lb Book of Practice Problems*
 - In Chapter 17, "Two-Variable Word Problems," do the practice problems starting at #20.
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks.
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don't know
- In Magoosh, do the following problems
 - 20 Text Completion verbal questions

Week Four, Day Two

- In Magoosh Video Lessons
 - Watch the next four Verbal lessons
- In the *Manhattan GRE 5-lb Book of Practice Problems*
 - In Chapter 18, "Rates and Work," do the practice problems starting at #20.
- In the [GRE Vocabulary Flashcards](#)

- Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks.
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don't know
- In Magoosh, do the following problems
 - 10 Multiple Choice math questions
 - 10 Quantitative Comparison math questions

Week Four, Day Three

- In Magoosh Video Lessons
 - Watch the next four Verbal lessons
- In the *Manhattan GRE 5-lb Book of Practice Problems*
 - In Chapter 19, 'Variables-in-the-Choices Problems,' do ALL the practice problems.
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks.
- Read your chosen reading material (one chapter, or a few articles). Look up and write down any words you don't know.
- In Magoosh, do the following problems
 - 10 Sentence Equivalence

Week Four, Day Four

- In Magoosh Video Lessons
 - Watch the next four Verbal lessons
- In the *Manhattan GRE 5-lb Book of Practice Problems*
 - In Chapter 20, "Ratios," do the practice problems starting at #20.

- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks.
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don't know
- In Magoosh, do the following problems
 - 10 Multiple Choice math questions
 - 10 Data Interpretation math questions

Week Four, Day Five

- In Magoosh Video Lessons
 - Watch the next four Verbal lessons
- In the *Manhattan GRE 5-lb Book of Practice Problems*
 - In Chapter 21, "Averages, Weighted Averages, Median, and Mode," do the practice problems starting at #20.
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks.
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don't know
- In Magoosh, do the following problems
 - 20 Reading Comprehension math questions

Week Four, Day Six

- Take Practice Test #1 from the Office Guide beginning on p. 303
 - For each of the essays, write the essay in a word-processing program on a computer
 - For other sections, write your answers either into a word-processing on a computer or on a separate sheet of paper
 - Keep a strict time-limit for each section
 - Try to mimic GRE conditions by keeping breaks between sections short and eating the kinds of snacks you plan to bring to the real GRE
 - Note how your sleep the night before affects your work
 - Note how what you had for dinner the previous night and what you ate earlier in the day affects your energy level and concentration
 - Write down any observations you have in your journal
 - Check all of your answers once you are done
 - For any questions that you got right, skim the explanation to verify that you got it right for the right reason
 - For any questions that you got wrong, watch the explanation video for the question thoroughly, taking notes in your journal on any concepts you didn't understand and anything about the question format that psyched you out.
 - Watch [the Magoosh video explanations for the first practice test](#) located at the bottom of the linked page

Week Five

Week Five, Day One

- In Magoosh Video Lessons
 - Watch the next four Verbal lessons
- In the *Manhattan GRE 5-lb Book of Practice Problems*

- In Chapter 22, “Standard Deviation and Normal Distribution,” do the practice problems starting at #20.
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks.
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don’t know
- In Magoosh, do the following problems
 - 10 Multiple Choice math questions
 - 10 Multiple Answer math questions

Week Five, Day Two

- In Magoosh Video Lessons
 - Watch the next four Verbal lessons
- In the *Manhattan GRE 5-lb Book of Practice Problems*
 - In Chapter 23, “Probability, Combinatorics, and Overlapping Sets,” do the practice problems starting at #20.
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks.
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don’t know
- In Magoosh, do the following problems
 - 20 Text Completion verbal questions

Week Five, Day Three

- In Magoosh Video Lessons
 - At this point, you should near the end of the verbal lessons on the first pass. Watch any remaining lessons.
- In the *Manhattan GRE 5-lb Book of Practice Problems*
 - In Chapter 24, “Data Interpretation,” do the practice problems starting at #20.
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks.
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don’t know
- In Magoosh, do the following problems
 - 10 Multiple Choice math questions
 - 10 Quantitative Comparison math questions

Week Five, Day Four

- In Magoosh Video Lessons
 - Watch any four Math videos about which you are curious
- In the *Manhattan GRE 5-lb Book of Practice Problems*
 - In Chapter 25, “Polygons and Rectangular Solids,” do the practice problems starting at #20.
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks.
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don’t know
- In Magoosh, do the following problems
 - 20 Sentence Equivalence verbal questions

Week Five, Day Five

- In Magoosh Video Lessons
 - Watch four more Math lessons about which you are curious.
- In the *Manhattan GRE 5-lb Book of Practice Problems*
 - In Chapter 26, “Circles and Cylinders,” do the practice problems starting at #20.
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks.
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don’t know
- In Magoosh, do the following problems
 - 10 Numerical Entry math questions
 - 10 Data Interpretation math questions

Week Five, Day Six

- In the [GRE Math Flashcards](#),
 - Go through the cards in the following decks and review any concepts that you are less than completely familiar with
 - Number Properties II
 - Statistics and Probability
 - Mixed Practice I
 - Mixed Practice II
- In the [Official GRE Verbal Reasoning Practice Questions](#)
 - In Ch. 5, do the three Sentence Equivalence practice sets

- In Ch. 6, do the first Mixed Practice set
 - Keep a strict 38 minute time limit
- After you are done, check all your answers
 - For any question you got right, skim the explanation to verify that you got it right for the right reason
 - For any question you got wrong, read the explanation thoroughly, taking notes in your journal on any concepts you didn't understand and anything about the question format that psyched you out

Week Six

Week Six, Day One

- In Magoosh Video Lessons
 - In the Writing section, re-watch the four AWA Basics videos
- In the *Manhattan GRE 5-lb Book of Practice Problems*
 - In Chapter 27, "Triangles," do the practice problems starting at #20.
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks.
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don't know
- In Magoosh, do the following problems
 - 20 Reading Comprehension verbal questions

Week Six, Day Two

- In Magoosh Video Lessons
 - In the Writing section, re-watch the two Issue Task videos
- In the *Manhattan GRE 5-lb Book of Practice Problems*

- In Chapter 28, “Coordinate Geometry,” do the practice problems starting at #20.
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks.
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don’t know
- In Magoosh, do the following problems
 - 20 Multiple Choice math questions

Week Six, Day Three

- In Magoosh Video Lessons
 - In the Writing section, re-watch the two Issue Task videos
- In the *Manhattan GRE 5-lb Book of Practice Problems*
 - In Chapter 29, “Mixed Geometry,” do the practice problems starting at #20.
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks.
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don’t know
- In Magoosh, do the following problems
 - 20 Text Completion verbal questions

Week Six, Day Four

- In Magoosh Video Lessons
 - *Now, I will have you watch all the Verbal videos again. This time through, pay close attention to what you remembered from before, and what you understand better this time around.*

- Re-watch the first four Verbal lessons
- In the *Manhattan GRE 5-lb Book of Practice Problems*
 - In Chapter 30, “Advanced Quant,” do the practice problems #1-20.
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks.
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don’t know
- In Magoosh, do the following problems
 - 10 Multiple Choice math questions
 - 10 Quantitative Comparison math questions

Week Six, Day Five

- In Magoosh Video Lessons
 - Re-watch the next four Verbal lessons
- In the *Manhattan GRE 5-lb Book of Practice Problems*
 - In Chapter 30, “Advanced Quant,” do the practice problems #21-40.
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks.
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don’t know
- In Magoosh, do the following problems
 - 20 Sentence Equivalence verbal questions

Week Six, Day Six

- Take Practice Test #2 from the Office Guide beginning on p. 431

- For each of the essays, write the essay in a word-processing program on a computer
- For other sections, write your answers either into a word-processing on a computer or on a separate sheet of paper
- Keep a strict time-limit for each section
- Try to mimic GRE conditions by keeping breaks between sections short and eating the kinds of snacks you plan to bring to the real GRE
- Note how your sleep the night before affects your work
- Note how what you had for dinner the previous night and what you ate earlier in the day affects your energy level and concentration
- Write down any observations you have in your journal
- Check all of your answers once you are done
 - For any questions that you got right, skim the explanation to verify that you got it right for the right reason
 - For any questions that you got wrong, watch the explanation video for the question thoroughly, taking notes in your journal on any concepts you didn't understand and anything about the question format that psyched you out
 - Watch [the Magoosh video explanations for the second practice test](#) located at the bottom of the linked page

Week Seven

Week Seven, Day One

- In Magoosh Video Lessons
 - Re-watch the next four Verbal lessons
- In the *Manhattan GRE 5-lb Book of Practice Problems*
 - In Chapter 30, "Advanced Quant," do the practice problems #41-60.
- In the [GRE Vocabulary Flashcards](#)

- Master 20 more words (a bit less than half a deck)
- Spend 10-30 minutes reviewing previous decks
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don't know
- In Magoosh, do the following problems
 - 20 Multiple Choice math questions

Week Seven, Day Two

- In Magoosh Video Lessons
 - Re-watch the next four Verbal lessons
- In the *Manhattan GRE 5-Ib Book of Practice Problems*
 - In Chapter 33, "Math Practice Sections," do the Math Practice Section 2: Medium Difficulty
 - Keep a 35 minute time limit
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks.
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don't know
- In Magoosh, do the following problems
 - 20 Reading Comprehension verbal questions

Week Seven, Day Three

- In Magoosh Video Lessons
 - Re-watch the next four Verbal lessons
- In the *Manhattan GRE 5-Ib Book of Practice Problems*

- In Chapter 33, “Math Practice Sections,” do the Math Practice Section 3: Hard Difficulty
 - Keep a 35 minute time limit
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks.
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don’t know
- In Magoosh, do the following problems
 - 10 Multiple Choice math questions
 - 10 Multiple Answer math questions

Week Seven, Day Four

- In Magoosh Video Lessons
 - Re-watch the next four Verbal lessons
- In the *Official GRE Quantitative Reasoning Practice Questions* book
 - Do the Arithmetic practice problems, pp. 45-50
 - Keep a strict 33 minute time limit
 - *NOTE: Do all the problems in this book without touching a calculator*
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks.
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don’t know
- In Magoosh, do the following problems
 - 20 Text Completion verbal questions

Week Seven, Day Five

- In Magoosh Video Lessons
 - Re-watch the next four Verbal lessons
- In the *Official GRE Quantitative Reasoning Practice Questions* book
 - Do the Algebra practice problems, pp. 67-72
 - Keep a strict 30 minute time limit.
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don't know
- In Magoosh, do the following problems
 - 10 Quantitative Comparison math questions
 - 10 Data Interpretation math questions

Week Seven, Day Six

- In the [GRE Math Flashcards](#),
 - Go through the cards in the following decks and review any concepts that you are less than completely familiar with
 - Mixed Practice III
 - Mixed Practice IV
 - Mixed Practice V
 - Mixed Practice VI
- In the [Official GRE Verbal Reasoning Practice Questions](#)
 - In Ch. 6, do the last two Mixed Practice sets
 - Keep a strict 38 minute time limit for each
 - Check all of your answers once you are done

- For any questions that you got right, skim the explanation to verify that you got it right for the right reason
- For any questions that you got wrong, watch the explanation video for the question thoroughly, taking notes in your journal on any concepts you didn't understand and anything about the question format that psyched you out

Week Eight

Week Eight, Day One

- In Magoosh Video Lessons
 - Re-watch the next four Verbal lessons
- In the *Official GRE Quantitative Reasoning Practice Questions* book
 - Do the Geometry practice problems, pp. 87-92
 - Keep a strict 23 minute time limit.
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don't know
- In Magoosh, do the following problems
 - 20 Sentence Equivalence verbal questions

Week Eight, Day Two

- In Magoosh Video Lessons
 - Re-watch the next four Verbal lessons
- In the *Official GRE Quantitative Reasoning Practice Questions* book

- Do the Data Analysis practice problems #1-13, pp. 107-112. Keep a strict 23 minute time limit.
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks.
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don't know
- In Magoosh, do the following problems
 - 10 Multiple Choice math questions
 - 10 Numeric Entry math questions

Week Eight, Day Three

- In Magoosh Video Lessons
 - Re-watch the next four Verbal lessons
- In the *Official GRE Quantitative Reasoning Practice Questions* book
 - Do the Data Analysis practice problems #14-26, pp. 113-117
 - Keep a strict 23 minute time limit.
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don't know
- In Magoosh, do the following problems
 - 20 Reading Comprehension verbal questions

Week Eight, Day Four

- In Magoosh Video Lessons

- Re-watch the next four Verbal lessons
- In the *Official GRE Quantitative Reasoning Practice Questions* book
 - Do the Mixed Practice Set #1, pp. 141-150
 - Keep a strict 44 minute time limit
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don't know
- In Magoosh, do the following problems
 - 20 Multiple Choice math questions

Week Eight, Day Five

- In Magoosh Video Lessons
 - Re-watch the next four Verbal lessons
- In the *Official GRE Quantitative Reasoning Practice Questions* book
 - Do the Mixed Practice Set #2, pp. 173-182
 - Keep a strict 44 minute time limit
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don't know
- In Magoosh, do the following problems
 - 20 Text Completion verbal questions

Week Eight, Day Six

- Take a full-length practice test, using the first of the six Manhattan GRE practice tests online.
 - Try to mimic GRE conditions by keeping breaks between sections short and eating the kinds of snacks you plan to bring to the real GRE
 - Note how your sleep the night before affects your work
 - Note how what you had for dinner the previous night and what you ate earlier in the day affects your energy level and concentration
 - Write down any observations you have in your journal
 - Check all of your answers once you are done
 - For any questions that you got right, skim the explanation to verify that you got it right for the right reason
 - For any questions that you got wrong, watch the explanation video for the question thoroughly, taking notes in your journal on any concepts you didn't understand and anything about the question format that psyched you out

Week Nine

Week Nine, Day One

- In Magoosh Video Lessons
 - Re-watch the next four Verbal lessons
- In the *Official GRE Quantitative Reasoning Practice Questions* book
 - Do the Mixed Practice Set #3, pp. 199-209
 - Keep a strict 44 minute time limit
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don't know

- In Magoosh, do the following problems
 - 10 Multiple Choice math questions
 - 10 Data Interpretation math questions

Week Nine, Day Two

- In Magoosh Video Lessons
 - Re-watch the next four Verbal lessons
- In the *GMAT Official Guide* (any edition)
 - In section 5.3, Problem Solving practice questions, the first 20 questions
 - *NOTE: the “Problem Solving” Quantitative questions on the GMAT are five-choice multiple choice, identical in format to the GRE Multiple Choice questions. Math on the GMAT is a shade harder than GRE math, so these questions will provide challenging practice. No calculator is allowed on the GMAT Quantitative section, so all of these questions are meant to be done without a calculator.*
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don’t know
- In Magoosh, do the following problems
 - 20 Reading comprehension verbal questions

Week Nine, Day Three

- In Magoosh Video Lessons
 - Re-watch the next four Verbal lessons
- In the *GMAT Official Guide* (any edition)
 - In section 5.3, Problem Solving practice questions, the next 20 questions
- In the [GRE Vocabulary Flashcards](#)

- Master 20 more words (a bit less than half a deck)
- Spend 10-30 minutes reviewing previous decks
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don't know
- In Magoosh, do the following problems
 - 20 Multiple Choice math questions

Week Nine, Day Four

- In Magoosh Video Lessons
 - Re-watch the next four Verbal lessons
- In the *GMAT Official Guide* (any edition)
 - In section 5.3, Problem Solving practice questions, the next 20 questions
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don't know
- In Magoosh, do the following problems
 - 20 Text completion verbal questions

Week Nine, Day Five

- In Magoosh Video Lessons
 - Re-watch the next four Verbal lessons
- In the *GMAT Official Guide* (any edition)
 - In section 5.3, Problem Solving practice questions, the next 20 questions
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)

- Spend 10-30 minutes reviewing previous decks
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don't know
- In Magoosh, do the following problems
 - 10 Multiple Choice math questions
 - 10 Quantitative Comparison math questions

Week Nine, Day Six

- Take a full-length practice test, using the another of the six Manhattan GRE practice tests online.
 - Try to mimic GRE conditions by keeping breaks between sections short and eating the kinds of snacks you plan to bring to the real GRE
 - Note how your sleep the night before affects your work
 - Note how what you had for dinner the previous night and what you ate earlier in the day affects your energy level and concentration
 - Write down any observations you have in your journal
 - Check all of your answers once you are done
 - For any questions that you got right, skim the explanation to verify that you got it right for the right reason
 - For any questions that you got wrong, watch the explanation video for the question thoroughly, taking notes in your journal on any concepts you didn't understand and anything about the question format that psyched you out

Week Ten

Week Ten, Day One

- In Magoosh Video Lessons
 - Re-watch any remaining Verbal lesson videos that you have seen only once so far
- In the *GMAT Official Guide* (any edition)
 - In section 5.3, Problem Solving practice questions, the next 20 questions
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don't know
- In Magoosh, do the following problems
 - Do 20 practice questions varying Math and Verbal as needed
 - Finish any remaining unanswered questions in Math and Verbal
 - Select "incorrect" for you question pool once you have answered all questions
 - Reset your question stats once your question pool is relatively small

Week Ten, Day Two

- In Magoosh Video Lessons
 - Watch any four lesson videos, Math or Verbal
- In the *GMAT Official Guide* (any edition)
 - In section 5.3, Problem Solving practice questions, the next 20 questions
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don't know
- In Magoosh, do the following problems
 - 20 questions

- See Week 10, Day 1 for details

Week Ten, Day Three

- In Magoosh Video Lessons
 - Watch any four lesson videos, Math or Verbal
- In the *GMAT Official Guide* (any edition)
 - In section 5.3, Problem Solving practice questions, the next 20 questions
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don't know
- In Magoosh, do the following problems
 - 20 questions
 - See Week 10, Day 1 for details

Week Ten, Day Four

- In Magoosh Video Lessons
 - Watch any four lesson videos, Math or Verbal
- In the *GMAT Official Guide* (any edition),
 - In section 5.3, Problem Solving practice questions, the next 20 questions
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don't know

- In Magoosh, do the following problems
 - 20 questions
 - See Week 10, Day 1 for details.

Week Ten, Day Five

- In Magoosh Video Lessons
 - Watch any four lesson videos, Math or Verbal
- In the *GMAT Official Guide* (any edition)
 - In section 5.3, Problem Solving practice questions, the next 20 questions
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don't know
- In Magoosh, do the following problems
 - 20 questions
 - See Week 10, Day 1 for details.

Week Ten, Day Six

- Take a full-length practice test, using another of the six Manhattan GRE practice tests online.
 - Try to mimic GRE conditions by keeping breaks between sections short and eating the kinds of snacks you plan to bring to the real GRE
 - Note how your sleep the night before affects your work
 - Note how what you had for dinner the previous night and what you ate earlier in the day affects your energy level and concentration
 - Write down any observations you have in your journal

- Check all of your answers once you are done
 - For any questions that you got right, skim the explanation to verify that you got it right for the right reason
 - For any questions that you got wrong, watch the explanation video for the question thoroughly, taking notes in your journal on any concepts you didn't understand and anything about the question format that psyched you out

Week Eleven

Week Eleven, Day One

- In Magoosh Video Lessons
 - Watch any four lesson videos, Math or Verbal
- In the *GMAT Official Guide* (any edition)
 - In section 5.3, Problem Solving practice questions, the next 20 questions
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks.
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don't know
- In Magoosh, do the following problems
 - 20 questions
 - See Week 10, Day 1 for details

Week Eleven, Day Two

- In Magoosh Video Lessons
 - Watch any four lesson videos, Math or Verbal
- In the *GMAT Official Guide* (any edition),

- In section 5.3, Problem Solving practice questions, the next 15 questions
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don't know
- In Magoosh, do the following problems
 - 20 questions
 - See Week 10, Day 1 for details

Week Eleven, Day Three

- In Magoosh Video Lessons
 - Watch any four lesson videos, Math or Verbal
- In the *GMAT Official Guide* (any edition)
 - In section 5.3, Problem Solving practice questions, the last 15 questions
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks.
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don't know
- In Magoosh, do the following problems
 - 20 questions
 - See Week 10, Day 1 for details.

Week Eleven, Day Four

- In Magoosh Video Lessons
 - Watch any four lesson videos, Math or Verbal

- In the *GMAT Official Guide* (any edition),
 - In section 3.1, the Diagnostic Test, do the 24 Problem Solving questions at the start of the test
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don't know
- In Magoosh, do the following problems
 - 20 questions
 - See Week 10, Day 1 for details

Week Eleven, Day Five

- In Magoosh Video Lessons
 - Watch any four lesson videos, Math or Verbal
- Math Practice
 - Having exhausted several collections of practice problems, I will give you some challenging problems in the last days of the exam. These will come from the Magoosh GMAT blog.
 - Magoosh GMAT Blog: [Challenging Problems with Roots and Exponents](#)
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don't know
- In Magoosh, do the following problems
 - 20 questions
 - See Week 10, Day 1 for details

Week Eleven, Day Six

- Take a full-length practice test, using the first GRE practice test available through the GRE PowerPrep software
 - Try to mimic GRE conditions by keeping breaks between sections short and eating the kinds of snacks you plan to bring to the real GRE
 - Note how your sleep the night before affects your work
 - Note how what you had for dinner the previous night and what you ate earlier in the day affects your energy level and concentration
 - Write down any observations you have in your journal
 - Check all of your answers once you are done
 - For any questions that you got right, skim the explanation to verify that you got it right for the right reason
 - For any questions that you got wrong, watch the explanation video for the question thoroughly, taking notes in your journal on any concepts you didn't understand and anything about the question format that psyched you out

Week Twelve

Week Twelve, Day One

- In Magoosh Video Lessons
 - Watch any four lesson videos, Math or Verbal
- Math Practice from the Magoosh GMAT Blog
 - [Challenging Coordinate Geometry practice problems](#)
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks.

- Read 1-3 articles from your reading source of choice, noting grammatical structures. Look up and write down any words you don't know.
- In Magoosh, do the following problems
 - 20 questions
 - See Week 10, Day 1 for details

Week Twelve, Day Two

- In Magoosh Video Lessons
 - Watch any four lesson videos, Math or Verbal
- Math Practice from the Magoosh GMAT Blog
 - [Counting Practice Problems for the GMAT](#)
- In the [GRE Vocabulary Flashcards](#)
 - Master 20 more words (a bit less than half a deck)
 - Spend 10-30 minutes reviewing previous decks
- Read 1-3 articles from your reading source of choice, noting grammatical structures. Look up and write down any words you don't know.
- In Magoosh, do the following problems
 - 20 questions
 - See Week 10, Day 1 for details

Week Twelve, Day Three

- In Magoosh Video Lessons
 - Watch any four lesson videos, Math or Verbal
- Math Practice from the Magoosh GMAT Blog
 - [Circle Problems on the GMAT](#)
- In the [GRE Vocabulary Flashcards](#)
 - Spend 30 minutes reviewing mastered decks
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures

- Look up and write down any words you don't know
- In Magoosh, do the following problems
 - 20 questions
 - See Week 10, Day 1 for details

Week Twelve, Day Four

- In Magoosh Video Lessons
 - Watch any four lesson videos, Math or Verbal
- Math Practice from the Magoosh GMAT Blog
 - [GMAT Practice Problems with Fractions and Decimals](#)
- In the [GRE Vocabulary Flashcards](#)
 - Spend 30 minutes reviewing mastered decks.
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don't know
- In Magoosh, do the following problems
 - 20 questions
 - See Week 10, Day 1 for details

Week Twelve, Day Five

- In Magoosh Video Lessons
 - Watch any four lesson videos, Math or Verbal
- Math Practice from the Magoosh GMAT Blog
 - Practice problems on [Sets](#) and [Geometry](#)
- In the [GRE Vocabulary Flashcards](#)
 - Spend 30 minutes reviewing mastered decks
- Read 1-3 articles from your reading source of choice
 - Note grammatical structures
 - Look up and write down any words you don't know

- In Magoosh, do the following problems
 - 20 questions; see Week 10, Day 1 for details

Week Twelve, Day Six

- Take a full-length practice test, using the second GRE practice test available through the GRE PowerPrep software
 - Try to mimic GRE conditions by keeping breaks between sections short and eating the kinds of snacks you plan to bring to the real GRE
 - Note how your sleep the night before affects your work
 - Note how what you had for dinner the previous night and what you ate earlier in the day affects your energy level and concentration
 - Write down any observations you have in your journal
 - Check all of your answers once you are done
 - For any questions that you got right, skim the explanation to verify that you got it right for the right reason
 - For any questions that you got wrong, watch the explanation video for the question thoroughly, taking notes in your journal on any concepts you didn't understand and anything about the question format that psyched you out

After Week 12: Concentrated Review

At this point, if you have been following the schedule, you should have done every question in Magoosh at least once. For whatever days remain before the test, keep up work on GRE math and verbal. Some suggestions for what to do:

- Through selecting question type & difficulty on the "Dashboard", do Magoosh problems over again, and see how you do a second time
- Keep watching 4 Magoosh lesson videos a day, on whatever topics you feel you need to review

- Keep reading your challenging material, to build vocabulary and acclimate your ear to eloquent style
- Keep drilling your vocab cards
- Review or redo any math problems you got wrong in earlier practice noticing how well you have learned from your mistakes

Day before the test:

- No GRE preparation all day
- Eat a large, healthy, leisurely dinner – no alcohol!
- Go to bed earlier than usual

Day of test

- ABSOLUTELY NO LAST MINUTE GRE PREPARATION!
- Eat a large breakfast, full of protein
- Do relaxing, fun activities to pass time until the test

Bring to the test

- A liter of water
- Healthy energy-packed snacks (nuts, protein bar, etc.)
- On breaks, make sure to get up, move & stretch – moving & stretching the large muscles of the body (legs & torso) will get oxygen flowing throughout, which will help keep you awake and keep you thinking clearly
